North of El Paso, where they have
il the water they want, where the
armers have their automobiles and run into El Paso in 40 to 60 minutes to enjoy the opera. Think of it—50 to 75 bushels of wheat to the acre at \$1.10 per bushel THIS SEASON. \$40 per acre unimproved land level as the floor, for highly improved farms, with wonderful fertilizing water of the the wonderful tertilizing water of the Rio Grande, which is now earning 10 percent interest on \$500 an acre, is bound to double and quadruple in valua annually for several years, and in the menutime, working it on shares, not ever having to go near the tract, it will earn you 25 to 40 percent per an-num profit. Is there anything in these broad linted States to equal such a num profit. Is there anything in these broad United States to equal such a proposition? And the field is so limited and the market for the products so great, that we feel it our duty to urge YOU to investigate NOW before it is too late. Of course, you know (if you are at all posted), that R. C. Bailey, who practically farmed in this valley 25 years, has the best listings, and is the best posted on the proposition. ## BLAMES HIGH MEAT ON HOMESTEADER

Agricutural Secretary Says He Has Taken Up the Stockman's Land.

Chicago, Ill., Nov. 21.-Secretary of agriculture Wilson blames the home-steader of the west in part for the present high cost of living. In an address at the opening of the United States Land and Irrigation exposition Saturday night he said:

"The homesteader is reducing the field of operations of the ranchman, which is reducing the meat harvest of the west and becoming quite a factor in the cost of living."

Other causes, he said, were the great immigration to this country and the movement to the cities. The recent tumble in prices of meat

he attributed to drouth in the range country-causing cattle to be be sold off cheaply-and to the big corn and oats crop. He declared that much remains to

be done in improving the country's farming conditions. Expansion, exploitation and soil robbery, he continued, have been too much the practice of the past. "The new lands opened under the homestead act of half a century ago,

were often exploited," he asserted, "for temporary profit by soil robbers who were experts of their kind." Owing to such farm management. the yield of the acre in the

States gradually decreased. Little intensive farming was done. "But none of our soils," he added. "are beyond redemption. The soils of the country are the greatest asset the nation has. Progress in all directions depends on the condition of the soil, and there is no material inquiry of such great value as that which per-

tains to our soils." "The day will come," he declared, "when irrigation will be applied as a matter of national necessity to the growing of crops even in the humid regions of the country, something that has been done for hundreds of years in European countries. Reservoirs will be built at the heads of our streams to be used in period of drouth. All countries of which I have any knowledge have periods of drouth. our states have 90 inches of rainfall and yet they have periods of drouth. and yet they have periods of drouth. These dry times prevent the growing

of maximum crops. "But more is needed than irrigation. Those who grow crops by irrigation the first to the first Those who grow crops by irrigation and too little upon cultivation of the

# VISITORS TO HAVE EXTRA HOUR HERE

Schedule Changes Effective Fifteen Thousand Acres In Two Assyrtans, who claimed to be mission workers from that country, Sunday Allow Two Hours in El Paso.

Railway time changes, which in ev ery instance will benefit El Paso went into effect Sunday on both the El Paso & Southwestern, the Southern Pacific and the G., H. & S. A.

With changes on Southern Pacific train No. 10, passengers going from west to east are given two hours instead of one in El Paso. Beginning Sunday, train No. 10

arrives from the west at 5 p. m., instend of 6 p. m., and will depart for the east at the present time, 7 p. m. The time cut to 72 hours between Los Angeles and Chicago on the E. P. & S. W. Golden State Limited, effective Sunday, and also another valuable change has been made. Train No. 2, leaving at 5:25 p. m. will arrive in Chicago nearly 14 hours earlier than before, this being accomplished by the cutting out of a number of unimportant stops. That train will arrive over the Southern Pacific at 5:12 p. m., ac-

cording to the new card.

TUCSON BENEFITS BY CHANGE IN TIME CARD With the new Southern Pacific time card, comes a change in accommodations for the Pacific coast which virtually makes Tucson the center of that traffic instead of Benson. At present passengers leave El Paso at 8:20, arriving at Benson in the afternoon, an not reaching Nogales until night. The new card will make El Paso passengers depart at 6:53 a. m. on train No. 1, arriving in Tucson at 3:15 and departing

at 3.45 p. m. STONE STATION AT STOCKTKON. The Orient railway is building a bought from Mrs. E. M. Bell and stone station at Ft. Stockton. It is contains the Dick wholesale grocery predicted that the new railway will house. reach that point by April 1.

Country. Tucumeari, N. M., Nov. 31 .- The Tucumcari high school will celebrate Thanksgiving day with two double header basketball games with Santa Rosa, on the athletic field west of the school grounds. The first game will be called at 10 a. m. and the second set at 3 p. m. In the evening a concert will be given in the school auditorium. The program will consist of 12 select-ed numbers liberally filled with se-

lections by the high school glee club.

Friday will be Patrons' day when
all parents of school children are requested to be present at a program to be given at the auditorium of the school. This program is to give the public an idea of the advancement that has been made in the schools and to inspire both parents and pupils with a greater interest in the work
